

Chief Executive Officer

- Make the sea change to idyllic Esperance WA
- Support the board to build a culture and team
- Generous salary package and benefits

Exciting opportunity to join an established Native Title Prescribed Body Corporate as CEO.

Our client is an established Aboriginal Corporation appointed to manage the native title rights and interests of the Esperance Nyungar people.

The CEO will work closely with the Board to establish and implement the vision, values and strategies for this new organisation. We are therefore seeking a candidate with strong skills in liaising with a Board, establishing broad community and business stakeholder engagement and with developing successful business development plans. Leadership skills in managing governance, budgets, building a team and implementing projects are also critical.

This role is based in Esperance WA and the successful candidate will be required to reside in the Esperance area.

The ideal candidate is likely to have a well-established track record as an Australian CEO or senior executive. You will have a proven ability to design business plans to effectively implement strategy, develop people, communicate with both members, key stakeholders and the business community and to develop new business opportunities.

The ability to manage governance and finances is also imperative.

How to Apply: Initial confidential enquiries may be directed to Richard Scott at ANSON on (08) 6242 0303, Assignment Ref 202. To obtain a candidate briefing pack please email: rscott@anson.com.au

To apply for this opportunity, please submit your Resume and Covering Letter in MS Word format to rscott@anson.com.au The Covering letter should be no more than one page briefly addressing the reasons you want to work for the organisation and your key experience relevant to the role. Applications close on Friday 28th April 2017.
